Students are ultimately responsible for knowing and fulfilling all University, College, Major and Certification requirements. Failure to meet requirements and stated deadlines may delay graduation. Students who, at any time, are confused about academic requirements for their progress toward a degree and certification are encouraged and expected to meet with an advisor, adhering to the posted advising schedules and procedures.

This worksheet is intended as a quick and easy guide for your degree/certification but does not substitute for a Degree Audit Report (DAR). It is important that you meet with an advisor and refer to all information given to you throughout the course of your tenure at Texas State. Students are also encouraged to refer to the Undergraduate Texas State Catalog and Schedule of Classes for additional official information and semester calendars. The College of Education website (<http://www.education.txstate.edu/>) may provide answers to most questions students have about major and certification requirements.
